

Key West Golf Club – 5K Cross Country Course

Wheel-measured 5000-meter course. 2 loops, 99% grass, with just 11 two-step cart path crossings. All miles and kilometers are accurately marked. Golf course mounding creates very uneven terrain, with 24 mounds, varying in height and length, on each loop. Very spectator-friendly – visiting coaches even get their own golf carts!

Race HQ is the KWGC Clubhouse. ***Everyone must stay off of tees and greens!*** Rest rooms are open, but showers are off limits. Post-race showers are available at KWHHS (3.5 miles away).
